

SAFE FOR YOUR COILS AND FOR YOU

CC-140 – The Right Touch

Not all coil cleaners are created equal. Some can actually damage your coils and generate toxic fumes. The award-winning CC-140 CoilPro® from the house of Goodway works by applying a thick layer of non-fuming CoilShine® expanding foam cleaner to loosen stubborn deposits without damaging your coil.

With pressure regulation at your fingertips, you can quickly flush loosened deposits down the condensate drain without damaging the delicate fins or overwhelming the drain pan. And since dirty coils won't come to you, the CoilPro includes a built in ergonomic dolly with stair glides. For total mobility, just flip a switch and go from AC power to the on-board 12V rechargeable battery. A control valve allows you to choose from a garden hose water supply or either of the two integrated tanks.

CC-140: CoilPro Battery Powered or 115V Coil Cleaner, including 25' hose, spray gun with 18" wand, four nozzles (foaming, two flat spray and pinpoint), and a 1 gallon bottle of CoilShine..... **Call for Price**

Note: Visit goodway.com for accessories
